Jackie supports the team through assistance with grants management/compliance, data management, and technical assistance. Prior to this position she worked at a Chicago FOC providing direct services to clients seeking training and employment.

FFT™ Performance Report

The screenshot shows a web browser window with the URL https://lisc.force.com/partners/apex/LF_Report?id=00536000005jvr2. The page header includes the "e case management" logo, a search bar, and a user login for "Melinda Carmichael (mcarml@lisc.org)". The navigation menu contains "Home", "Intake", "Entities", "Contacts", "Case Records", "Client Households", "Groups & Classes", "Reports", and "Dashboards". The main content area is titled "SMA Report" and features a "LISC" logo on the left. Below the logo is a blue button labeled "Adding a new client...". A grey box contains the text: "Remember to search for your client first before adding new." Below this is another blue button labeled "FFT Performance Report", which is highlighted by a yellow arrow pointing from the left. Underneath is a link for "FFT Performance Report_v1". To the right of the main content area, there are input fields for "Start Date: 1/1/2018", "End Date: 10/30/2018", and "Entity: Breakthrough Urban - TEST". A "Run Report" button is located on the right side, highlighted by a yellow arrow pointing from the right.

Tip:

Make sure the left panel is expanded by clicking on the blue arrow button

Outcomes & Program Areas

Exercise Instructions:

Please work together in groups and review the sample performance report. Select one member of the group to take notes and present your findings to the larger group.

1. Identify at least three areas or lines of the report that reflect complete and proper data documentation.
2. Next, identify at least five areas or lines of the report that reflect potential inconsistencies in the data.
3. Lastly, discuss potential solutions or actions that you, as program managers, can take to rectify problems in the site's data. Some examples of solution areas include documentation processes, client flow processes, staff communication and training.
 - a. Identify the problem in the report (page and line in question), and
 - b. Share how you would address the issue

Best Practice – Data Management

- Everyone is trained on telling the story in FFT
- One person is responsible for reviewing and understanding data, but ultimately everyone is responsible
- Data is used to
 - Record successes and setbacks of clients
 - Improve performance
 - Communicate successes
 - Evaluate the program

Thank you!
